

# OMEGALIN

FULL OF OMEGA 3!

## ADVANTAGES

- High production yield
- Uses in industry for food and animal feed;
- Very good resistance to most important diseases;
- Very high oil and Omega 3 content;
- Excellent plant in crop rotation.

## AGRONOMIC CHARACTERISTICS

- Brown seed;
- Plant height: medium;
- Sowing period: 15.02 - 15.03;
- Sowing rate: 50 - 60 kg/ha;
- Earliness at sowing: semi-early;
- Earliness at harvest: semi-early;
- Fall resistance: high;

## DISEASE RESISTANCE

- Powdery mildew - very good strength
- Fusarium - good strength

## QUALITY PARAMETERS

- Oil content: 41 - 45% very high;
- Omega 3 content: 63 - 66% very high.
